MARKET REPORT

See exactly where your store stands, every month.

Every morning PuffPrice reads every dispensary's own website and menu in 9 Central Illinois cities and shows shoppers the best deal near them. The market report turns that into one page for you: your deals and shelf prices against every store within 15 miles.

What's in it

1. How many days you ran a deal, and how that compares with the stores around you
2. Your typical and deepest deal against theirs, store by store
3. Your lowest eighth, cart and gummies out the door, ranked against every nearby store
4. What shoppers search for in your city, and how often Google shows your city page
5. What's missing from your listing, so shoppers see all of you

Your first report is free. Billed by invoice, paid by ACH or check. Cancel any time. Being listed stays free.

Nobody pays to rank, including you. Buying the report never changes where your deals appear. That's why shoppers trust what they see, and why it's worth being on.
